Angular Project - New Features

01 OVERVIEW

The Brief & The Approach

Project objective: provide dedicated New Features support for a single engagement, with a focus on New Features and dedicated support for the project.

ROLE	**Angular Project**
FOCUS	**New Features**
OBJECTIVE	**Dedicated support**
AREA	**Angular Project - New Features**

1. Understand

Reviewed the existing Angular codebase and the requested features so new code would fit naturally.

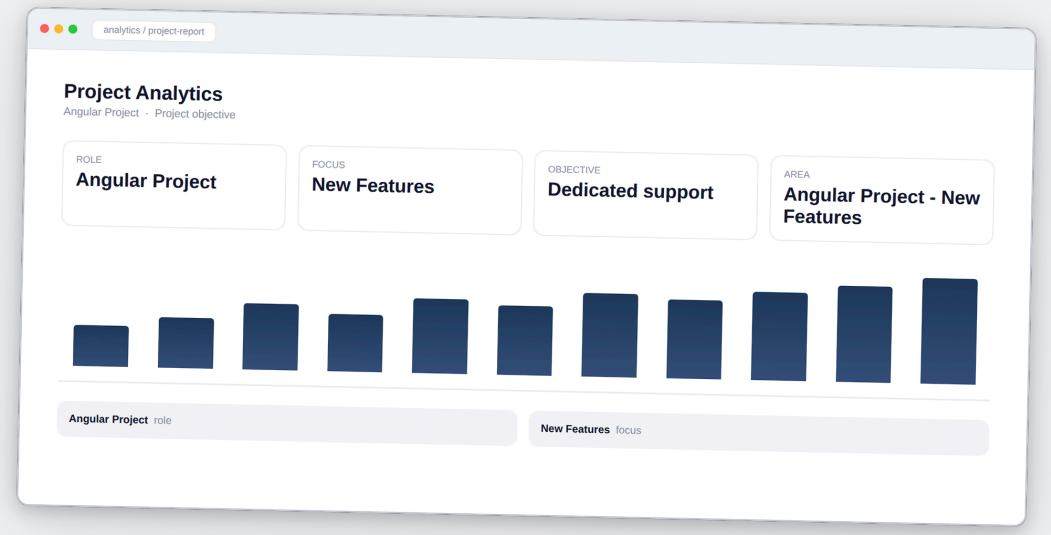

3. Build

Implemented the new features following the project's structure, with clean and reusable code.

At a glance

Dedicated New Features support for the project, with a focus on New Features.

Project objective

WHAT THE PROJECT SET OUT TO DO

✓ **Dedicated support**
Dedicated New Features support for the engagement, focused on New Features.

✓ **Project focus**
New Features for the project, focused on its requirements.

✓ **Project objective**
Dedicated support for the project, centred on its new features work.

✓ **Single engagement focus**
Focused support for one engagement and its new features work.
