01 PROJECT OVERVIEW

The Brief

Project objective: provide dedicated Third-Party Services support for a single engagement, with a focus on Third-Party Services and dedicated support for the project.

ROLE	**API Integration**
FOCUS	**Third-Party Services**
OBJECTIVE	**Dedicated support**
AREA	**Systems Integration**

The Challenge

Every new connection between systems adds complexity: differing data formats, authentication, error handling and performance. The client needed integrations that exchanged data seamlessly, plus help troubleshooting issues and improving their existing integration processes.

RESTful Integration Connecting existing applications to third-party services.

Troubleshooting

Working with the dev team to diagnose and resolve integration issues.

Project objective

WHAT THE PROJECT SET OUT TO DO

✓ **Dedicated support**
Dedicated Third-Party Services support for the engagement, focused on Third-Party Services.

✓ **Project focus**
Third-Party Services for the project, focused on its requirements.

✓ **Project objective**
Dedicated support for the project, centred on its third-party services work.

✓ **Single engagement focus**
Focused support for one engagement and its third-party services work.

PROJECT FOCUS

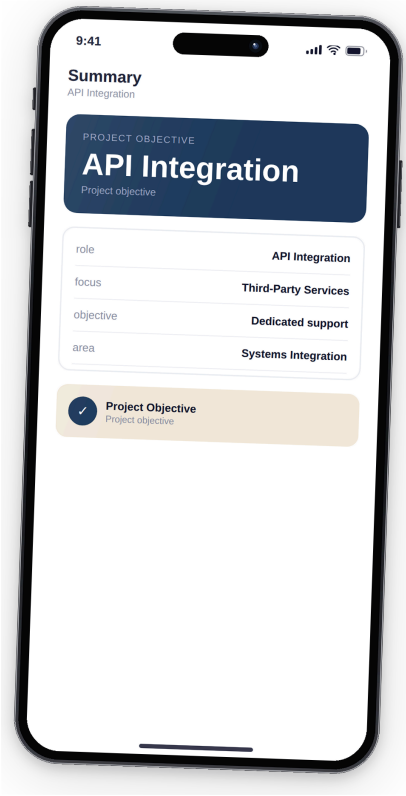

RESTful APIs · API Integration · REST · Troubleshooting · Third-Party Services · Process Optimization

Key points

PROJECT OBJECTIVE

API Integration

A Third-Party Services engagement, focused on its project objective.

01 **Role**

API Integration

02 **Focus**

Third-Party Services

03 **Objective**

Dedicated support for the project

04 **Scope**

Third-Party Services
